

# IFG Drake<sup>®</sup>

# Environmental Policy

**IFG Drake Ltd is committed to compliance with all applicable laws and regulations concerning the environment. The company is further committed to minimising the impact on the environment which may arise from its operations.**

The company has procedures in place to ensure that we deal responsibly with the following environmental issues:

- Emissions to air and/or atmosphere
- Disposal of solid waste
- The reduction of pollutant and waste materials
- Recycling of materials
- Energy consumption

The company encourages all employees to act responsibly towards the environment by reporting any concerns to both the company and the relevant authorities
